

# TALKING ABOUT MUSIC

B1 | Adults | Conversation Prompts | 45-60 minutes  
Topic: Everyday English | Skills: Speaking | Grammar: General

Talk with a partner. Give reasons and examples. Ask follow-up questions when you can.

|                                                                 |                                                                      |
|-----------------------------------------------------------------|----------------------------------------------------------------------|
| 1. What kind of music do you listen to most often?              | 2. When do you usually listen to music?                              |
| 3. Do you prefer listening with headphones or speakers?         | 4. Is there a song that puts you in a good mood?                     |
| 5. Who introduced you to music you still enjoy?                 | 6. Did you like the same music when you were younger?                |
| 7. Do you ever listen to music in another language?             | 8. How do you discover new songs or artists?                         |
| 9. Can you concentrate while music is playing?                  | 10. Do you enjoy singing, even if nobody is listening?               |
| 11. Have you ever tried playing a musical instrument?           | 12. Which instrument would you most like to learn?                   |
| 13. Would you rather go to a small concert or a big festival?   | 14. What makes a live performance enjoyable?                         |
| 15. Is background music helpful in shops and restaurants?       | 16. Which matters more to you: a song's words or its tune?           |
| 17. Why do some songs remind us of particular people or places? | 18. Would you pay more to see your favourite musician live?          |
| 19. What music would you choose for a long journey?             | 20. If you made a playlist for your partner, what would you include? |
