

TALKING ABOUT PHONES & ONLINE LIFE

B1 | Adults | Conversation Prompts | 45-60 minutes
Topic: Technology | Skills: Speaking | Grammar: General

Talk with a partner. Give reasons and examples. Ask follow-up questions when you can.

1. What do you use your phone for most often?	2. Do you prefer sending messages or making calls?
3. What is an app you find useful?	4. When do you usually put your phone away?
5. Has your phone use changed in the last few years?	6. Do you prefer taking photos or simply enjoying a moment?
7. What makes a website easy to use?	8. Do you enjoy learning about new phone features?
9. How do you decide whether information online is trustworthy?	10. Do you prefer long messages or short messages?
11. When is a video call better than a normal phone call?	12. What can make a group chat difficult to follow?
13. Should people ask before sharing photos of friends online?	14. What is a polite way to use a phone during a meal?
15. Can spending time online help people feel less lonely?	16. What tasks are easier to do on a computer than on a phone?
17. Would you enjoy a day without the internet?	18. What advice would you give someone getting their first smartphone?
19. What feature would you like phones to have in the future?	20. If you could keep only three apps, which would you choose?
