

ADVERBS OF MANNER

A2 | Teens / Adults | Grammar Question Practice | 20-30 minutes

Describe how people do things and compare useful habits.

1. GET STARTED

Take turns asking and answering. Add a detail, then ask a follow-up question.

A: Could you say that more **slowly**, please?

B: Of course. Sorry, I sometimes speak too **quickly**.

A: Thanks. I can understand you better now.

2. HOW DO YOU DO IT?

1. Do you usually walk **quickly** or **slowly**?
2. Do you speak English **quietly** or **loudly** in class?
3. What can you do **well**?
4. Do you read instructions **carefully**?
5. Do you eat **quickly** when you're busy?
6. What do you do **slowly** because you enjoy it?

Keep talking: When does that change? / Can you give an example?

3. PEOPLE AND SITUATIONS

Describe how someone acts. Use an adverb, not an adjective, to describe the action.

7. Who do you know who sings **well**?
8. How should people drive near a school?
9. How do you speak when someone is sleeping nearby?
10. How do you carry a full cup of hot tea?

4. ACT AND DESCRIBE

Choose an action: walk, open a bag, write or speak. Do it in two different ways.

Your partner describes what you are doing. Then swap roles.

Example: You're opening the bag **carefully**. Now you're opening it **quickly**.

Answer help: I speak slowly. / She works carefully. / He sings well.

Remember: careful - carefully; good - well; fast - fast (not fastly).
