

REPORTED QUESTIONS

B1 | Teens / Adults | Grammar Question Practice | 20-30 minutes

Report questions with statement word order and the correct linking word.

1. GET STARTED

Take turns reporting questions. Use full reported sentences, then explain how the person answered.

A: What did the organiser want to know?

B: She **asked where we lived** and **whether we needed** a lift.

A: That's helpful. Did you tell her we're happy to take the bus?

2. QUESTIONS YOU HAVE HEARD

1. What **did** someone **ask** you about your weekend plans?
2. What **did** a visitor **ask** about your town or neighbourhood?
3. What **did** someone **ask** you when you joined a course or activity?
4. What **did** a friend **ask** about something you bought?
5. What **did** someone **ask** when they needed your help?
6. What question **did** you **ask** a friend recently? Report it.

Keep talking: Who asked that? / How did you answer? / What else did they ask?

3. REPORT AND RESPOND

Read a question to your partner. Your partner reports it, then gives their own answer.

7. The host asks: "Do you need a lift?" How **would you report** the question?
8. A visitor asks: "Where is the station?" How **would you report** it?
9. Jo asks: "Can you come tomorrow?" How **would you report** it the next day?
10. Ben asks: "Why are you leaving early?" How **would you report** it?

4. PASS ON AN INTERVIEW

Ask your partner one wh-question and one yes/no question about a hobby or trip.

Your partner reports your questions to another pair and adds the answers.

Example: Ana **asked why I liked** cycling and **if I owned** a bike.

Swap roles. Check the pronouns and whether the time words need to change.

Answer help: She asked where I ... / He asked if/whether I ... / I asked why they ...

Remember: Use statement order: where I lived, not where did I live. Don't keep do/does/did.
