

QUANTIFIERS

B2 | Teens / Adults | Grammar Question Practice | 20-30 minutes

Discuss quantities, two-way choices and individual responsibilities precisely.

1. GET STARTED

Take turns asking and answering. Give details and ask a follow-up. You can invent personal details.

A: Do we have enough food for everyone?

B: We've got **a few** sandwiches, but **little** fruit. We should buy more.

A: I'll go. **Both** shops are open, and **each guest** is bringing something too.

2. ENOUGH FOR THE PURPOSE?

1. What can you achieve with **a little** free time? Give a realistic example.
2. What problems arise when you have **little** time to prepare for a task?
3. Would you rather have **a few** close friends or many acquaintances? Explain.
4. What activity attracts **few** people in your area? Why might that be?
5. Think of two places you like. What do **both** offer? How do they differ?
6. What should **every participant** know before joining a group activity?

Keep talking: Enough for what? / Do you mean some or almost none? / Are you discussing two or more?

3. CHOICES AND RESPONSIBILITIES

Use quantifiers to make your meaning precise. Invent quantities or options if necessary.

7. Compare two possible venues. Could you use **either**, or is **neither** suitable?
8. Plan a shared meal. What should **each person** bring, and why?
9. Describe a task you can finish with **a few** materials and **a little** money.
10. You have **little** food and **few** guests confirmed. What would you do first?

4. PLAN WITH LIMITED RESOURCES

Plan an event for six people with a small budget. Compare two venues and check supplies.

Explain what you have some of, what is insufficient and what each person will contribute.

Example: **Both** rooms are free, but **neither** has a kitchen. We have **a little** money left.

Agree on a venue and divide responsibilities. Explain why your plan is workable.

Answer help: A few + plural noun; a little + mass noun; both / either / neither; each / every.

Remember: Few/little emphasise shortage. Use each/every + singular noun; both + plural.
